

Code	Description	Full Description
700	Donor age	Donor age is not clinically suitable for potential recipient
701	Organ size, specify	Donor organ expected to be too large or small for potential
710	Organ preservation: Unacceptable method or findings	Method or findings of organ preservation does not meet acceptable criteria (pump pressures, pumping issue, not
711	Organ anatomical damage or defect	Surgical damage, non-surgical trauma, diseased organ, organ vasculature, en bloc kidneys or any other anatomical reason
712	Actual or projected cold ischemic time	The actual or projected cold ischemic time is too long for the
713	Warm ischemic time too long	The warm ischemic time is too long for the organ
714	Biopsy not available	Organ biopsy results are not available or a biopsy was not
715	Biopsy results unacceptable	Organ biopsy results do not meet acceptable criteria
716	Organ specific test results not available, specify	Organ specific test not done or results not available at the time of the organ offer (e.g., HIV NAT testing, cardiac catheter results, etc.) Do not use for unavailable biopsies.
717	Unacceptable organ specific test results, specify	Organ specific test results do not meet acceptable criteria (e.g., low PaO2, high creatinine, low ejection fraction, or imaging findings). Do not use for biopsy results that are unacceptable.
720	Candidate temporarily medically unsuitable	Potential recipient temporarily too sick, medically contraindicated, or not optimized to attempt transplant
721	Candidate transplanted or pending transplant	Potential recipient has been transplanted, a transplant is in progress, or another offer is being considered
722	Candidate's condition improved, transplant not needed	Potential recipient's condition has improved and transplant is currently unnecessary
723	Candidate requires different laterality	Potential recipient requires organ of a different laterality (e.g., right lung is specified)
724	Candidate requires multiple organ transplant	Potential recipient requires a multiple organ transplant (e.g., heart offered without kidney)
725	Epidemic/Pandemic - Candidate	Potential recipient related epidemic/pandemic reason (e.g., the candidate has a potential exposure, is symptomatic, is being tested, or has a positive test result). If the potential recipient is making the decision to refuse offers due to the pandemic, please select 'Candidate refused' as the refusal
726	Candidate temporarily ineligible due to insurance or financial issue	Potential recipient is temporarily ineligible for transplant due to insurance or financial related reasons
727	Candidate unavailable	Potential recipient is unavailable (e.g., traveling) or could not be contacted
728	Candidate refused	Potential recipient refused the offered organ
730	No candidate serum for	No candidate serum is available for crossmatching
731	No donor cells/specimen for crossmatching, or no time for	No donor cells (or specimen) for crossmatching or no time to complete a crossmatch
732	Positive physical crossmatch	Physical crossmatch result between donor and potential recipient is positive
733	Positive virtual crossmatch/unacceptable antigens	Virtual crossmatch result between donor and potential recipient is positive or potential recipient has donor-specific antibodies that are considered contraindications to transplant
734	Number of HLA mismatches unacceptable	Number of HLA mismatches between donor and potential recipient is unacceptable

740	PHS risk criteria or social history	PHS risk criteria for donor or other reasons related to social history. If a candidate refuses the offer for PHS risk criteria, please select 'Candidate refused' as the refusal reason for the
741	Positive infectious disease screening test: CMV, HBV, HCV, etc.	CMV, HBV, HCV, HIV, HTLV, VDRL, etc. donor testing is positive
742	Donor infection or positive culture	Donor has an active infection or positive culture results (e.g.,
743	Malignancy or suspected malignancy	A malignancy or potential malignancy is suspected with the organ
744	Epidemic/Pandemic - Donor	Donor related epidemic/pandemic reason. This may include reasons such as donors with high exposure risk, no testing available, positive or indeterminate test results, or if a different specimen type is preferred.
750	Donor medical history, specify	Donor medical history is not clinically suitable for potential recipient
751	Donor instability/high vasopressor usage	Donor has prolonged hemodynamic instability and/or requires high vasopressor use
752	Prolonged downtime/CPR	Donor has experienced prolonged downtime and/or CPR
753	DCD donor neurological function/not expected to arrest	DCD donor has high neurological function and is not expected to arrest in time
754	VCA graft appearance or quality, specify	VCA graft is unsuitable due to appearance or quality reasons such as incompatible skin tone, tattoos, scars, bruising, ecchymosis, hematoma, etc.
760	Resource time constraint (OPO, TXC, donor hospital, etc.)	Time constraint for transplant imposed by the OPO, TXC, donor hospital, etc.
761	Donor family time constraint	Time constraint imposed by the donor family
762	Recovery team availability	Recovery team or local recovery team is unavailable to perform procedure (heavy workload, etc.)
763	Transplant team or transplant facility availability	Transplant team is unavailable to perform transplant procedure (heavy workload, etc.)
764	Transportation availability	Transportation for the organ cannot be obtained.
765	Exceeded policy defined response time	Response was not received from center within the time period specified in policy
790	Disaster Emergency Management Consideration	Use only in the event of a natural disaster, regional emergency, etc. that is affecting the operations or recovery of organs.
798	Other, specify	Use only when the reason does not fit the other refusal reasons available. Provide a detailed description of the reason the organ is being refused.

799	Other, specify	Use only when the reason does not fit the other bypass reasons available. Provide a detailed description of the reason the potential recipient is being bypassed. This information will be shared with bypassed centers.
800	Patient's condition improved, transplant not needed	Potential recipient's condition has improved and transplant is currently unnecessary
801	Patient ill, unavailable, refused, or temporarily unsuitable	Potential recipient too sick to attempt transplant at the time of offer, cannot be located, refused transplant, or is temporarily unsuitable for transplant
802	Multiple organ transplant or different laterality is required	Either the potential recipient requires a multiple organ transplant or an organ of a different laterality is required (i.e., right lung is specified)
803	Patient txed, tx in progress, or other offer being considered	Patient transplanted, transplant in progress, or other offer being considered
810	Positive crossmatch	Crossmatch results between donor and potential recipient positive
811	Number of HLA mismatches unacceptable	Number of HLA mismatches between donor and potential recipient unacceptable
812	No serum for crossmatching	No serum for crossmatching
813	Unacceptable Antigens	Donor has HLA antigens that are unacceptable to the potential recipient
814	High PRA	Potential recipient has high PRA and most likely would have a positive crossmatch
815	High CPRA	Potential recipient is highly sensitized and most likely would have positive crossmatch
820	Heavy workload	Program unable to accept an organ at this time due to heavy workload
821	Operational – transplant center	Transplant center refused due to transportation, logistics, distance, inclement weather issues, or unable to travel for procurement
822	Exceeded one hour response time	Response was not received from center within the one-hour time period specified in policy
823	Surgeon unavailable	Surgeon unavailable to perform transplant procedure
824	Distance to travel or ship	Too far for the organ recovery team to travel or too far to ship
825	Operational – transplant center	Transplant center refused due to transportation, logistics, inclement weather issues, or unable to travel for procurement
826	Exceeded 30 minute evaluation time	Response was not received from center within the 30 minute time period specified in policy

830	Donor age or quality	Donor age, hypertension, prolonged hypotension, high vasopressor/ medication dosage, cardiac arrest, evidence of infection/positive cultures, non-heart beating, etiology of death, donor unstable, donor diabetes, other medical history
831	Donor size/weight	Donor too large or small, weight incompatible with potential recipient
832	Donor ABO	Donor ABO group incompatible / unacceptable [Only available for LIVER offers; will not display for other organ types]
833	Donor social history	CDC high risk donor or other reasons related to social history
834	Positive serological tests	CMV, HBV, HCV, HIV, HTLV, VDRL, etc. donor testing is positive
835	Organ Preservation	Method/quality of preservation, length of cold ischemic time, length of warm ischemic time
836	Organ anatomical damage or defect	Surgical damage, non-surgical trauma, diseased organ, organ vasculature, en bloc kidney's or any other anatomical reason
837	Organ-specific donor issue	Testing unavailable, not done or unacceptable, abnormal biopsy, or other organ-specific reason
840	COVID-19: candidate-related reason	COVID-19: candidate-related reason (e.g., candidate tested positive, has a pending test, has a potential exposure, is symptomatic, etc.)
841	COVID-19: donor-related reason	COVID-19: donor-related reason (e.g., positive or indeterminate test result, unable to be tested, prefer different specimen type (nasal vs. BAL), high exposure risk, etc.)
842	COVID-19: OPO or transplant hospital operational issue	COVID-19: OPO or transplant hospital operational issue (e.g., organ recovery scheduling, OR or ICU bed shortage, personnel shortage, other ancillary service support issue, etc.)
850	Multi-organ placement	Potential recipient bypassed because a multi-organ recipient was identified as having higher priority based on a different organ match run.
851	Directed donation	Potential recipient was bypassed because the donation was directed to a specific recipient.
852	Military donor	Potential recipient was bypassed because the organ was from a military donor and was directed to a military recipient.
853	ALU, Sharing Agreement, Variance	Potential recipient bypassed due to an OPTN-approved alternative local unit, sharing agreement, or variance

854	Reallocation per released organ policy	Potential recipient bypassed due to reallocation to an alternate recipient at the originally accepting center in accordance with released kidney-pancreas, pancreas or islets policy, Requires written justification by OPO; this bypass and narrative justification will be shared with bypassed centers.
860	Medical urgency of another potential recipient	Center bypassed potential recipient due to the urgent medical needs of another potential recipient. (Requires written verification by the transplant program to UNOS Policy Compliance Department.) (Also requires written verification by OPO to UNOS Policy Compliance Department; this bypass and narrative justification will be shared with bypassed centers.)
861	Operational – OPO	Potential recipient bypassed due to transportation logistics, including distance in relation to ischemic time or weather conditions. Requires written justification by OPO; this bypass and narrative justification will be shared with bypassed centers.
862	Donor medical urgency	Potential recipient bypassed due to urgent donor organ placement. Requires written justification by OPO; this bypass and narrative justification will be shared with bypassed centers.
863	Offer not made due to expedited placement attempt	Potential recipient bypassed as a result of offer(s) made during an expedited placement attempt. This includes OR time constraints or family time constraints. Requires written justification by OPO; this bypass and narrative justification will be shared with bypassed centers.
880	Kidney placed with extra-renal	Potential recipient was bypassed in order to place the kidney with the extra-renal organ recipient from the same donor.
881	Mandatory sharing offer requirements met	Potential recipient was bypassed and not offered an organ because the policy requirement was satisfied prior to this sequence number (e.g., non-local O mismatches; non-local CPRA 99+ patients)
882	Not offered - Non facilitated pancreas center	Potential recipient bypassed because the listing center does not qualify for or participate in facilitated pancreas allocation.
883	Not offered - Min acceptance criteria not met	Organ Center uses this code for centers that were not offered an organ because their minimum acceptance criteria excluded their potential recipients. [OC use only – does not appear on user list]
884	No kidney available - bypass KP candidates	Kidney-pancreas potential recipient bypassed because no kidney is available.

885	Dual kidneys not available - bypass dual potential transplant recipient	Dual kidney potential recipient bypassed because two kidneys are not available.
886	Not offered - Offer Filters Criteria Met	Potential recipient bypassed because organ offer filter criteria were met.
887	Not Offered - expedited placement	Potential recipient bypassed as a result of offer(s) made during an expedited placement attempt. This bypass is applied only when expedited placement is initiated through the expedited placement workflow.
888	Not offered - accelerated placement applied	Organ Center uses this code for centers not offered organ because transplant center does not meet accelerated placement criteria. [OC use only does not appear on user list]
898	Other Specify	Use only if the refusal reason does not fit the above categories. Be sure to write in the other reason, UNOS staff will review the OTHER reason and may recode if necessary.
901	Recipient Ill	Recipient Ill
902	Recipient Unavailable	Recipient Unavailable
903	Recipient Refused	Recipient Refused
904	Multiple Organ Transplant Required	Multiple Organ Transplant Required
905	Recipient Transplanted/Inactive	Recipient Transplanted/Inactive
906	Positive Crossmatch	Positive Crossmatch
907	HLA mismatch unacceptable	HLA mismatch unacceptable
908	Recipient testing results unavailable	Recipient testing results unavailable
909	Patient condition improved, transplant not needed	Patient condition improved, transplant not needed
910	Recipient Medical Urgency - recip bypassed due to med urgency of another recip	Recipient Medical Urgency - recipient bypassed due to medical urgency of another recipient
911	Heavy workload - program unable to accept organ at this time due to heavy wrkld	Heavy workload - program unable to accept an organ at this time due to heavy workload
912	Operational- transprtn,logstcs,distnc,exceed 1 hr...(see LEGEND for full descrip)	Operational - transportation, logistics, distance, exceeded one hour response time or placement time constrains related to organ ischemic time
913	Surgeon Unavailable - surgeon currently performing	Surgeon Unavailable - surgeon currently performing
